

## Emergency Management Plan

**OZFORD INSTITUTE OF HIGHER EDUCATION (CRICOS 03429B)**

<b>President and Chief Executive Officer</b>	Rong Liu
<b>Campus Location</b>	433 Boundary St Spring Hill
<b>Fire District</b>	Kemp Place <a href="https://www.fire.qld.gov.au/contact-us/find-us">https://www.fire.qld.gov.au/contact-us/find-us</a>
<b>Last Review Date</b>	February 2026
<b>Next Scheduled</b>	February 2027
<b>Review Date*</b>	

\*This emergency management plan will be updated as required, reviewed at least annually and immediately after any significant incident

### 1. Purpose

The purpose of this Emergency Management Plan (EMP) is to provide a plan of how Ozford will prepare and respond to emergency situations. This plan should be read in conjunction with the ***Critical Incident Policy and Procedure***.

This emergency management plan addresses emergency incidents which include:

- circumstances that pose a critical risk to the health, safety or wellbeing of one or more students or staff
- incidents requiring campus closure, lockdown, or reduction of number of students or staff attending
- death or serious injury of a student or staff member on campus or at another location authorised by the Institute, for example, with another provider such as a registered training organisation.

### 2. Scope

This EMP applies to all staff, students, visitors, contractors and volunteers  
In Case of Emergency

### 3. Emergency numbers and key contacts

<b>Incident occurs</b>	<b>CALL</b>	For Life-threatening or time critical emergency <b>Call: 000</b>
	<b>CONTACT</b>	Level 6 Reception 8663 7188 or Building Manager Johnson Jiang 0488696889

Advise	<b>WHO</b>	<ul style="list-style-type: none"> <li>✓ The number and name/s of persons involved.</li> <li>✓ Name of the person reporting the emergency/critical incident.</li> </ul>
	<b>WHAT</b>	✓ The nature of the emergency/critical incident.
	<b>WHEN</b>	✓ The time you became aware of the emergency/critical incident.
	<b>WHERE</b>	✓ The location of the emergency/critical incident and contact phone numbers if the emergency/critical incident is away from the campus.

Report	<ul style="list-style-type: none"> <li>✓ For non-student related injuries/incidents enter the incident in the incident register</li> <li>✓ Notify WorkSafe. if WorkSafe notification is required</li> <li>✓ Refer to the Institute policies that relate to the incident for other external reporting requirements. The Institute policies are accessible in Moodle and the Ozford website (<a href="#">Higher Education Policies and Procedures – Ozford Australia</a>)</li> </ul>

## Consequence Definitions

Descriptor	Definition
<b>Insignificant</b>	No Injury
<b>Minor</b>	Injury/ill health requiring first aid. Peer support for stress/trauma event
<b>Moderate</b>	Injury/ill health requiring medical attention. Stress/trauma event requiring professional support.
<b>Major</b>	Injury/ill health requiring hospital admission. Stress/trauma event requiring ongoing clinical support.
<b>Severe</b>	Fatality. Stress/trauma event requiring extensive clinical support for multiple individuals.

## Risk Rating Matrix

		Consequence

Fire Warden	Vivian Lobo 0426274014 Arpan Sidhu 0460000005	Tanveer Parmar 0434282602 Jatinder Sohal 0426459623
First Aid Officers	Vivian Lobo 0426274014	Tanveer Parmar 0434282602

## 6. IMT Responsibilities

### Incident Controller (Chief Warden)

#### Pre-emergency

- Maintain a current register of IMT members.
- Replace IMT members when a position becomes vacant.
- Conduct regular exercises.
- Ensure the emergency response procedures are kept up-to-date.
- Coordinate meetings of the IMT as appropriate.
- Attend training and emergency exercises, as required.

#### During emergency

- Attend the emergency control point.
- Ascertain the nature and scope of the emergency.
- Ensure the appropriate response has been actioned.
- Ensure that the emergency services have been notified.
- Establish communications with Operations Officer (Area Warden).
- Initiate evacuation of affected areas if necessary.
- Brief the incoming emergency services and respond to their requests.
- Report to the IMT.

#### Post-emergency

- When the incident is rendered safe or the emergency services returns control, notify the IMT to have staff and students return to campus.
- Organise a debrief session with the IMT and, where appropriate, with any attending Emergency Service.
- Compile a report for the IMT

### Communications Officer

#### Pre-emergency

- Ensure communications officer is trained in the use of the building's communication system.
- Maintain records and logbooks and make them available for emergency response.
- Ensure emergency contact details are up-to-date.
- Attend training and emergency exercises.

#### During emergency

- Ascertain the nature and location of the emergency.
- Confirm that emergency services have been notified.
- Notify appropriate IMT members.
- Transmit instructions and information.
- Record a log of the events that occurred during the emergency.
- Act as directed by the Incident Controller.

#### Post-emergency

- Collate records of events during the emergency for the debrief session and ensure they are secured for future reference.

## 7. Emergency response procedures

### On-site evacuation procedure

If it is unsafe for students, staff and visitors to remain inside the building, the campus will be evacuated. Incident Controller (Chief Warden) on site will take charge and determines who does what (activate your Incident Management Team).

- **Call 000.**
- Inform emergency services of the nature of the emergency (e.g. "There is smoke in the building").
- If the decision to evacuate is made, evacuate staff, students and visitors out of the building; to evacuation area.
- Take the student's attendance list, staff roster and your Emergency Kit.
- Once at assembly area, check all students, staff and visitors are accounted for.
- Wait for emergency services to arrive or provide further information.

### Actions after on-site evacuation/relocation procedure

- Determine if there is any specific information staff, students and visitors need to know (e.g. areas of the facility to avoid).
- Ensure any students, staff or visitors with medical or other needs are supported.
- Follow up with any students, staff or visitors who need support.
- Prepare and maintain records and documentation.
- Undertake operational debrief to review the evacuation and procedural changes that may be required.

### Off-site evacuation procedure

If it is unsafe for students, staff and visitors to remain inside the building, the campus will be evacuated. The Incident Controller on site will take charge and determine who does what (activate the Incident Management Team).

- **Call 000.**
- Inform emergency services of the nature of the emergency (e.g. "There is smoke in the building").
- If the decision to evacuate is made, determine which off-site assembly point you will evacuate staff, students and visitors to.
- Evacuate staff, students and visitors to evacuation point
- Take the student's attendance list, staff roster and your Emergency Kit/First Aid kit.
- Once at assembly area, check all students, staff and visitors are accounted for.
- Wait for emergency services to arrive or provide further information.

### Actions after off-site evacuation/relocation procedure

- Determine if there is any specific information staff, students and visitors need to know (e.g. areas of the facility to avoid).
- Ensure any students, staff or visitors with medical or other needs are supported.
- Follow up with any students, staff or visitors who need support.
- Prepare and maintain records and documentation.
- Undertake operational debrief to review the evacuation and procedural changes that may be required.

## Lockdown Procedure

The following lockdown procedures will be used when an external and immediate danger is identified, and it is determined that the students should be secure inside the building for their own safety.

- Incident Controller activates the Incident Management Team
- Announce the lockdown and provide instructions to staff e.g. close internal doors and windows, sit below window level or move into corridors.
- Advise **Queensland Police (Call 000)** and other appropriate emergency service agencies.
- Check that all external doors are locked.
- If available, allocate staff to be posted at locked doors to allow students, staff and authorised visitors to enter if locked out.
- Divert returning groups from the campus.
- Ensure a telephone line is kept free.
- Keep public address system free.
- Keep main entrance as the only entry point. It must be constantly monitored and no unauthorised people allowed access.
- If possible, have a delegated staff member wait at the main entry to the campus on Ground Floor to guide Emergency Services personnel.
- Ascertain (as possible) if all students, staff and visitors are accounted for.
- Record some details of actions undertaken and times (use the Post-Emergency Record).
- Await de-activation advice from emergency services personnel (if appropriate).
- De-activate lockdown using predetermined de-activation signal.

## Actions after evacuation

- Confirm with Emergency Service personnel that it is safe to de-activate lockdown.
- Determine if there is any specific information staff, students and visitors need to know (e.g. areas of the facility to avoid).
- Ensure any students, staff or visitors with medical or other needs are supported.
- Follow up with any students, staff or visitors who need support.
- Prepare and maintain records and documentation.
- Undertake operational debrief to review the lockdown and procedural changes that may be required.

## Lockout procedures

The following lockout procedure will be used when an internal immediate danger is identified, and it is determined that students should be excluded from buildings for their safety.

- Incident Controller activates Incident Management Team.
- Announce lockout with instructions about what is required. Instructions may include nominating staff to:
  - lock doors to prevent entry
  - check the premises for anyone left inside.
  - obtain Emergency Kit
- Contact emergency services.
- Go to the designated assembly area.
- Check that students, staff and visitors are all accounted for.

## Actions after lockout

- Determine if there is any specific information staff, students and visitors need to know (e.g. areas of the facility to avoid).
- Ensure any students, staff or visitors with medical or other needs are supported.

- Follow up with any students, staff or visitors who need support.
- Seek support from the Executive management team as required.
- Prepare and maintain records and documentation.
- Undertake operational debrief to review the lockout and procedural changes that may be required.

## **Shelter-in-place procedures**

The following Shelter-in-place procedure will be considered when an event takes place outside of the campus and emergency services determine the safest course of action is to keep students and staff inside a designated area on campus until the external event is handled.

If a shelter-in-place action is determined:

- Incident Controller activates the Incident Management Team.
- Move all students, staff and visitors to the pre-determined shelter-in-place area.
- Obtain emergency kit.
- Check that all students, staff and visitors are accounted for.
- Ensure communications with emergency services is maintained.
- Wait for emergency services to arrive or provide further information.
- Maintain a record of actions/decisions undertaken and times.
- Where appropriate, confirm with emergency service personnel that it is safe to return to normal operations.

## **Actions after shelter-in-place procedure**

- Determine if there is any specific information staff, students and visitors need to know (e.g. areas of the facility to avoid).
- Ensure any students, staff or visitors with medical or other needs are supported.
- Follow up with any students, staff or visitors who need support.
- Seek support from the Executive Management team as required.
- Prepare and maintain records and documentation.
- Undertake operational debrief to review the lockout and procedural changes that may be required.

## **8. Emergency response procedures (specific emergencies)**

### **Building Fire**

- Report the outbreak of fire immediately to the Incident Controller (Chief Warden).
- Remain calm and activate the fire alarm.
- **Call 000** and ask for the Fire Brigade.
- Extinguish the fire (only if safe to do so).
- If threat exists evacuate the room/s, to the evacuation point closing all doors and windows.
- Check that all areas have been cleared and notify the Incident Controller.
- Check students, staff, visitors and contractors are accounted for.

### **SEVERE WEATHER /STORMS AND FLOODING**

- Store or secure loose items external to the building, such as outdoor furniture.

- Secure windows (close curtains & blinds) and external doors. If necessary, tape windows and glass entrances. Utilise boards and sandbags if required.
- Protect valuables and disconnect electrical equipment – cover and/or move this equipment away from windows.
- During a severe storm, remain in the building and keep away from windows. Restrict the use of telephone landlines to emergency calls only.
- After storm passes, evaluate the need to evacuate if uncontrolled fires, gas leaks, or structural damage has occurred as a result of the storm.
- Report to the Incident Controller (Chief Warden) regarding the status of students, staff and visitor safety.

## **INTRUDERS/PERSONAL THREAT**

- **Call 000** and ask for the Police, seek and follow advice.
- Report the emergency immediately to the Incident controller (Chief Warden).
- Do not do or say anything to the person to encourage irrational behaviour.
- Initiate action to restrict entry to the building if possible and confine or isolate the threat from building occupants.
- Determine whether evacuation, lock-down or shelter-in-place is required. Do this in consultation with the Police where possible.
- Evacuation only should be considered if safe to do so.

## **EARTHQUAKE**

- **Call 000** if emergency services are needed and seek and follow advice.
- The Chief Warden will convene the IMT if necessary.

### **If outside**

Instruct staff and students to:

- Stay outside and move away from buildings, streetlights and utility wires.
- DROP, COVER and HOLD
  - DROP to the ground
  - Take COVER by covering your head and neck with their arms and hands
  - HOLD on until the shaking stops.

### **If inside**

Instruct staff and students to:

- Move away from windows, heavy objects, shelves and so on
- DROP, COVER and HOLD
  - DROP to the ground.
  - Take COVER by getting under a sturdy table or other piece of furniture or go into the corner of the building covering their faces and head in their arms.
  - HOLD on until the shaking stops.

### **After the earthquake**

- Evaluate the need to evacuate if there are uncontrolled fires, gas leaks or structural damage to the building you are in.
- If you evacuate, watch out for fallen trees, power lines, and stay clear of any structures that may collapse.
- Arrange medical assistance where required.
- Help others if you can.

- Report any matter concerning the safety and wellbeing of students, staff and visitors to the Chief Warden.
- Tune in to ABC radio if you can and follow any emergency instructions.
- If the campus property is damaged and it is safe to do so, take notes and photographs for insurance purposes.
- Enact the Institute's **Business Continuity Policy and Plan** in respect to alternative accommodation.

## Offsite Activities

### Prior to and on the day of the activity

- Conduct a risk assessment of the activity and the activity location and develop mitigating controls.
- Consider the likelihood of bushfire risk, if the location is a bushfire prone area advise staff that they will need to on the day of the activity:
  - If it is a Catastrophic risk day, cancel the activity.
  - In the event of bushfire or elevated risk (High risk) the staff will need to maintain a heightened state of readiness and continuously monitor the situational bushfire risk by ensuring open lines of communication with local emergency services.

If a bushfire occurs on the day of the activity:

- Continuously monitor the situational bushfire risk and open lines of communication with local emergency services.
- Notify the IMT;
- Immediately relocate students and staff to a nominated 'shelter-in-place' that is compliant with relevant regulations, and/or
- Evacuate students and staff to an off-site safe area
- Respond appropriately to all instructions from emergency services.
- Enact critical incident processes.

## Institute Vehicle with Student as Passenger Incident

### Authorised driver:

- Operate in a manner to ensure the safety of passengers at all times.
- **Call 000** and notify the IMT of any emergency encountered enroute.
- Receive instruction, where possible, from the emergency services and/or IMT with regard to destination.
- If fires are burning in the area, drivers must not allow students to alight from the vehicle unless parents/guardians are waiting for them at a designated area. If no-one is waiting, the vehicle will take the students back to the campus if it is practical and safe to do so, or to the nearest safe area with guidance provided by the IMT. Safe areas are to be agreed to in advance by emergency services and the IMT.
- If the road is blocked, the driver should return to the campus if it is practical and it is safe to do so, or travel to an area deemed to be safe as directed by emergency services personnel. If emergency services are not at the scene and the driver is in doubt they should **call 000** for assistance.
- Confirm arrival at destination with the IMT as soon as possible.
- As soon as possible after the event, record details of actions taken.

### Chief Warden:

- Contact emergency services agencies to ascertain local information on status of any notified emergency. The IMT should also advise emergency services of the status and location of the vehicle and seek assistance if required.
- If possible, contact the EMC to inform them of the situation and receive instruction.
- Consider actions to be taken in line with the Institute's EMP.
- Confirm/provide instruction to driver with regard to destination.
- Notify IMT and any other facility with passengers on the affected service.
- Keep an accurate log of all communication in relation to the event.
- Receive confirmation of the vehicle's arrival at destination from driver.
- Notify the EMC of actions taken.
- Where possible keep an accurate record of the event.

## **Pandemics and Communicable Disease**

- Follow Pandemic plan
- Ensure basic hygiene measures are in place
- Provide convenient access to water and liquid soap and/or alcohol-based sanitiser
- Educate staff and students about covering their cough to prevent the spread of germs
- Stay alert and follow the instructions of **Queensland Health** (including the Chief Health Officer)
- Direct all media enquiries to the President and CEO
- Be prepared for multiple waves

*(For further information refer to **Appendix B Pandemic actions**)*

## **Medical Emergency**

- Check for any threatening situation and remove or control it (if safe to do so).
- Remain with the casualty and provide appropriate support.
- Notify First Aid Officer.
- Notify the Incident Controller (Chief Warden).
- Call 000 and ask for Ambulance services.
- Designate someone to meet and direct the ambulance to the location of the casualty.
- Try not to leave the casualty alone unless emergency help arrives.
- Do not move the casualty unless exposed to a life threatening situation.
- For non-student related medical emergency report in incidents register.

## **Major External Emissions/Spill (Includes Gas Leaks)**

- Notify the Incident Controller (Chief Warden).
- **Call 000** and ask for the Fire Brigade.
- Turn off gas supply.
- If it's a gas leak onsite, notify your gas provider (number can be found on the emergency numbers and Key contacts page).
- Evacuate staff, students, visitors (including contractors) to evacuation point This may be an offsite location.
- Check staff, students and visitors are accounted for.
- Direct all Media enquiries to the President and CEO.
- Await 'all clear' or further advice before resuming normal campus activities.

## **Bomb or Chemical Threat**

- If a bomb/chemical threat is received by telephone:
  - stay calm
  - do not hang up
  - use the bomb threat checklist to document the threat
  - Once the call ends notify the IMT immediately
  - The Communication Officer will **Call 000** and ask for the Police to report the incident.
- If a bomb/chemical threat is received by mail:
  - avoid handling of the letter or envelope
  - place the letter in a clear bag or sleeve
  - **Call 000** and inform the Policy immediately.
- If a bomb/chemical threat is received electronically or through the Institute's website:
  - do not delete the message
  - contact police immediately.
- If a suspicious object is found or if the threat specifically identified a given area, then evacuation may be considered.
  - Ensure doors are left open.
  - Do Not touch any suspicious objects found.

## Bomb/substance threat checklist

This checklist should be held by persons who regularly accept incoming telephone calls.

### KEEP CALM

CALL TAKER		CALL TAKEN	
Name		Date/Time:	
Telephone #		Duration of call	
Signature		Number of caller	

### Complete the following for a BOMB THREAT

QUESTIONS	RESPONSES
When is the bomb going to explode?	
Where did you put the bomb?	
What does the bomb look like?	
What kind of bomb is it?	
What will make the bomb explode?	
Did you place the bomb?	
What is your name?	
Where are you going?	
What is your address?	

### Complete the following for a SUBSTANCE THREAT

QUESTIONS	RESPONSES
When will the substance be released?	
Where is it?	
What does it look like?	
When did you put it there?	
How will the substance be released?	
Is the substance a liquid, powder or gas?	
Did you put it there?	

CHARACTERISTICS OF THE CALLER	
Sex of caller	
Estimated age	
Accent if any	
Speech impediments	
Voice (loud, soft, etc)	
Speech (fast, slow etc)	
Dictation (clear, muffled, etc)	
Manner (calm, emotional, etc)	
Did you recognise the voice?	

LANGUAGE	
<input type="checkbox"/> Abusive	<input type="checkbox"/> Taped
<input type="checkbox"/> Well Spoken	<input type="checkbox"/> Irrational
<input type="checkbox"/> Incoherent	<input type="checkbox"/> Message read by caller
<input type="checkbox"/> Other	

BACKGROUND NOISE	
<input type="checkbox"/> Music	<input type="checkbox"/> Local call
<input type="checkbox"/> Machinery	<input type="checkbox"/> Long Distance Call
<input type="checkbox"/> Aircraft	<input type="checkbox"/> Other

If so, who do you think it was?	
Was the caller familiar with the area?	

EXACT WORDING OF THREAT
