The Librarian is always happy to direct you down the path of individual learning. This includes guiding students to the prescribed or recommended reading for the units enrolled, understanding assessment requirements, recommending reading materials to expand your learning horizons and teaching you the effective use of your database and essay referencing styles.

All units will require students to purchase a prescribed textbook in either a soft or hard copy. You will be informed about required texts by your lecturers and/or through the relevant unit outlines on Moodle.

Assessment

Assessment tasks are set within each unit to determine if you have achieved the learning outcomes for that unit. Assessment tasks are set by your lecturer and are detailed in individual unit outlines. They can include:

Assessment Tasks	Application
Class test	<ul style="list-style-type: none">A written text administered during normal timetabled class times (such as in a tutorial) in the early part of a trimester (typically in week 5)Normally comprises multiple choice and short answer questions that are designed to provide early feedback on students' progress
On-line test or quiz	<ul style="list-style-type: none">An assessment task that is administered on-line
Written assignment	<ul style="list-style-type: none">May be in the form of a case study, or a research task, or written responses to a series of set questions, for completion outside class times

For more information about the different types of assessment, how a student's work is graded and circumstances where a review of grades is permitted, please refer to our ASSESSMENT AND GRADES POLICY on <http://www.ozford.edu.au/higher-education/policies-and-procedures/>.

Assessment Deadlines

All work is to be completed on time and to the best of your ability. If you are experiencing difficulties you must first approach your lecturers, then the Course Coordinator well before the due date, for assistance. Students are expected to maintain at least a minimum level of a pass in all units to meet satisfactory course progress.

Special Consideration

Students who have experienced disadvantage in completing assessments due to circumstances beyond their control (such as illness) may be eligible for special consideration. Student Services staff are available to assist student to submit an application for special considerations.

Academic Conduct

A high standard of academic honesty and integrity is expected of all students. Academic misconduct such as cheating or plagiarism will unfairly disadvantage another student. There are severe penalties for students found guilty of academic misconduct.

Plagiarism

Plagiarism is the use of someone else's ideas or words as if they were your own. Plagiarism is one form of academic dishonesty, and students are expected to avoid it by:

- doing their own work when independent work is required;
- acknowledging all sources of information and ideas; and
- Acknowledging all group members when group assignments are required.

Students must refrain from:

- Duplication: submitting an assignment which has been previously submitted in another unit at the Institute or at another institution
- Copying: copying another student's work or using the same words of the original text without acknowledging the source and placing direct quotes within quotation marks
- Paraphrasing another person's work without acknowledging the source. (Extensive paraphrasing, even when acknowledged is not good academic practice and will reduce the value and grade of the work.)
- Collusion: lending an assignment to other students, paying or asking another person to perform an academic task or completing another person's work.

Cheating

Finding ways to get around assessment requirements and rules to gain an unfair advantage is also a form of academic dishonesty.

For further information, please refer to the Academic Integrity Policy on our website.

Learning Management Systems - Moodle

At Oxford face-to-face classroom teaching is complemented by an efficient online learning management system called 'Moodle'. Moodle is an Open Source Course Management System (CMS), also known as a Learning Management System (LMS) or a Virtual Learning Environment (VLE) that complements the face-to-face teaching and tutorial classes. Moodle enables all teaching materials to be uploaded into Moodle 'shells' allocated for each unit of study. It supports online quizzes and other assessment tools and allows for online submission of assignments by students, online marking by Lecturers and grading of students results. Unit outlines, class schedules, assignments, lecture notes, hints, advice, and power point slides can be uploaded on to Moodle for the students to use in their learning. Students can also participate in discussion forums. Moodle also allows Lecturers to send emails to students. Students can access Moodle 24/7 from anywhere. Moodle is commonly used across the higher education sector.

Access to Moodle by student and staff

As soon as a student is enrolled in a course the student receives a unique student number and a private password. This username/password combination allows students to access Moodle. Each student's Moodle site is populated with the units the student is enrolled in that particular semester. Moodle sites for each unit are loaded with all the relevant materials by the relevant Lecturers. The student then can access and download all learning materials from Moodle.

Moodle can be accessed on a number of ways:

1. Accessing via Oxford's on-campus Intranet:

Moodle can be easily accessed by logging on to one of Oxford's on-campus desktop Wi-Fi active computers. Authorised users need their username/password combination to log on to the computers. It takes the user to Oxford's Intranet. Under the Higher education drop box there is a link 'OIHE Moodle login'. Clicking this link will take the user to the Moodle site and the user need to put the username and password again to open the Moodle site. The Moodle site for each student will show the units they are either enrolled in.

2. Accessing via Ozford's on-campus computers:

The second option is to log on to an on-campus computer and open a web browser, such as, Chrome, Firefox, or Safari etc. and type the following address in the address bar:

<http://helms.ozford.edu.au/login/index.php>

This will take the user to Ozford's intranet site and then it is a matter of following the steps in (1) above to access the Moodle site.

3. Remote Access either on a computer or a phone or device

Via a computer:

Ozford's Higher Education Moodle site can also be accessed anytime from anywhere using personal computers, smartphones or other mobile devices. The Moodle site can be accessed remotely by typing the URL (<http://helms.ozford.edu.au/login/index.php>) on to the personal web browser and then following the steps outlined in (1) above.

Remote access can also be availed by directly logging on to Ozford's main website (www.ozford.edu.au). There is a shortcut link at the top of the menu bar called 'Moodle login'. Clicking that link will take the **user to the Moodle site. The user then has to use the username and password to go to the actual site.**

Via an App on a phone/iPad:

Whether the user is using an IOS (Apple) or Android device, the Moodle app can be downloaded from the app store and installed into the mobile device. Once Moodle is downloaded, the app can be set up for Moodle using the site address: <http://helms.ozford.edu.au/login/index.php> and username and password. Once in the Moodle site the user can navigate through the site as required.

Academic and Learning Support

Students who require unit specific academic support are advised to first speak to the lecturer of the unit. The lecturer of the unit will refer students to the Head of Department if the support is required at a course level.

Weekly Academic Support sessions are conducted in the library. The times of these sessions are available on noticeboards or by asking student services or library staff. These sessions will include:

- study skills;
- research and referencing skills;
- stress and time management;
- Exam preparation.

Ozford conducts weekly English support session. Students who require language support are advised to attend the English support session. Referrals to specialist support will be provided, if required. Support may be provided, as required, in the following areas:

Literacy

- Essential writing tasks.
- The use of group exercises for assessments.
- Providing examples and models of completed tasks, such as those on Moodle in the form of video examples and skills sheets for the First Aid course.
- Ensuring that documents and forms are written and formatted in plain English.
- Advice on using clear headings, highlighting certain key words or phrases.
- Providing explanations of all technical terms used.

Language

- Presenting information in small portions and speaking clearly, concisely and not too quickly.
- Giving clear instructions in a logical sequence.
- Use of practical examples in assessment.

- Encouraging students to ask questions which is sometimes not part of the educational culture of some overseas students.

Student Consultation

Ozxford offers access to **student consultation** services, outside of the lecture and tutorial time, with your lecturers or tutors. During the face-to-face consultation sessions, individually or in small groups, you can raise any issues including assessments, content learning, challenges or non-academic issues that you may be facing in the unit that you are studying.

You are encouraged to contact your lecturers (their contact details are on Moodle) to make an appointment for consultation.

The **Head of Department** can also help you or refer you to the appropriate personnel with the following:

- Academic Problems including advice about how these might be tackled
- Course transfers
- Language and Literacy issues

Please make an appointment by sending an email to the relevant Head of Department.

If you are experiencing any academic issues, we strongly recommend making contact with your lecturers, the Head of Department or the Student Success Coach/Course Coordinator as soon as practicable.

Many resources are available in the **Academic Support** section on **Moodle**, including:

- Database search tips
- How to use Excel and PowerPoint for your assignments
- Harvard Referencing
- Examination tips
- Ways to improve listening, reading and writing skills

Academic Records

Notification of results are available at the end of each trimester. The Notification of Results will include all units completed during the trimester with a corresponding letter or number grade. Upon the completion of the students' enrolled course and qualification, eligible students will receive a Testamur and an Academic Transcript. A letter of completion is available upon request.

Students who need to access their records or obtain a transcript at other times are advised to fill in a 'Student Services Request' Form available at the Student Services Desk to make an order. Fees are payable when you lodge the order.

Making the most of your class

The most important parts of a lesson are usually the beginning and the end of the class.

Beginning of the Lesson

The first few minutes of class are critical, since this is when instructors share important administrative information such as current or future changes to classrooms and timetables, and assessment dates and times. In addition, this is also the time for your lecturer to introduce the content of the lecture or discussion, and connect the contents of the current lesson to the contents of the previous lesson.

The beginning of class supplies you with critical background information necessary for deeper understanding. If you miss the foundation of learning, you may find it hard to follow the rest of the lesson.

Attending classes on time also has social benefits in that it gives you time to chat with one another, including your assignment group mates. The beginning of the class is also the best chance for you to chat with the lecturer and ask questions about earlier sessions, assessments or tasks.

During the Lesson

To get the most out of your lesson, you need to be an active learner. Students who regularly participate in class are more likely to remember the essential concepts and improve their critical thinking skills. Active participation in class can also help you to learn from each other, increasing comprehension through cooperation.

Tips for Active Participation:

- **Put your phone or other devices away.** Give the group the courtesy of your attention.
- **Listen carefully to the discussion.**
- **Make a contribution.** Raise questions or seek clarification about points not understood.
 - If you agree with something, express it, either verbally or non-verbally (with a nod and a smile).
 - If you disagree, instead of rejecting what you disagree with, ask polite questions and seek further discussion.
- **Take notes.** Jot down the main points, but concentrate on filling gaps in your knowledge. Note down what you find interesting, confusing or relevant.

How to Start Participating in Class

If you find it difficult to participate in class discussions, set yourself goals and aim to increase your contributions each session. An easy way to participate is to add to the existing discussion. Start by making small contributions, such as:

- agree with what someone has said;
- ask someone who has contributed an idea for an example or more information; or
- Prepare a question to ask beforehand.

End of a Lesson

The end of the lesson is equally important as your lecturer will use this time to provide all students with a summary of the lesson. Your lecturer will also utilise this opportunity to check your understanding and clarify the contents that you are not totally clear with, as well as providing important tips for your upcoming assessments and exams.

PART 3: OZCONDUCT– CODE OF CONDUCT

The Student Code and Conduct provides the framework and clarifies the standards of conduct that are expected of students at Oxford Institute of Higher Education (henceforth ‘the Institute’). The four basic principles that underpin the Code of Conduct are:

- **Fairness**

Oxford will ensure that all dealings with students are transparent, consistent, equitable and fair, and consistent with the principles of natural justice. Oxford equally expects that student interactions with the Institute and other students and staff are held to the same standard

- **Accountability**

Oxford, its students and staff have rights and responsibilities to each other. Each party will be held accountable for its actions and for any breaches or infringements on these rights and responsibilities. Oxford will identify and specify responsibilities and accountabilities for decisions and processes in the resolution of any behavioural issue(s);

- **Appropriateness**

Oxford has defined a framework of penalties which may be imposed for substantiated misconduct that is appropriate, proportionate and consistent.

- **Communication**

The Code of Conduct and Policies and Procedures will be communicated clearly to the students and the manner of resolution of any breach by any person will be consistent throughout.

The Code of Conduct does not cover all situations; it articulates the expectations and aspiration of the Institute in relation to student conduct, including strategies to address inappropriate conduct.

The Code of Conduct is developed as a basis for providing:

- a positive framework to promote high standards of achievement and conduct; and
- Articulation of responses and consequences for inappropriate conduct.

All students are required to act in a manner that promotes a safe, positive, productive and harmonious learning environment, act ethically and responsibly, and be accountable for their actions and decisions.

All students have a responsibility to comply with legislation, terms and conditions of their enrolment, the Institute policy and procedures, and the Code of Conduct.

The following overview is to give you a basic knowledge of the policies and procedures of the Institute. Detailed information is available on our website, at:

<https://www.oxford.edu.au/higher-education/policies-and-procedures/>

Privacy Policy

Oxford takes the privacy of our students very seriously and complies with all legislative requirements. The Privacy Policy outlines how the Institute collects, uses, discloses and otherwise manages personal information supplied by its students. For more information, please refer to the Privacy Policy.

Deferring, Suspending or cancelling a Student's Enrolment Policy & Procedures

Students are able to initiate deferral, suspension or cancellation of their studies at Oxford only in compassionate and compelling circumstances such as a serious illness, injury or accident of the students or their close family members.

Students may have their enrolments suspended or cancelled by OIHE due to misconduct, a failure to pay fees or non-compliance with overseas student visa conditions.

Students have the right to appeal a decision by the OIHE to defer, suspend or cancel their studies. OIHE will not notify the relevant government department of a change to the enrolment status until the internal complaints and appeals process is completed.

A student who stops attending a course or does not return from leave for the commencement of a new trimester, and is not contactable by the Institute, has "inactively" advised the Institute of their failure to continue studying. The Education Services for Overseas Students Act 2000 states that the student's enrolment can be cancelled without having access to the appeals process.

Credit Transfer & Articulation Policy

Credit transfer will be granted for previous learning which has been assessed as equivalent in learning outcomes, volume of learning, learning and assessment approaches and the approved content of the relevant course of study at the Institute.

Articulation agreements may be established with other selected education providers in order to build learning pathways for students to maximise opportunities for recognition of their prior studies. These agreements will create clear and expanding pathways to assist students who have previously successfully completed studies and who meet the relevant admission requirements.

Academic Progress Policy and Procedures

Oxford monitors the academic progress of students to ensure they complete the course within the duration specified in their Confirmation of Enrolment (CoE). Study duration will only be extended where it is clear that the course cannot be completed in the expected duration as a result of:

- compassionate or compelling circumstances - see Deferring, suspending or cancelling a student's enrolment – Policy & Procedures
- a student undergoing an academic counselling or remedial program to address unsatisfactory progress;
- An approved deferment or suspension of study under Deferring, suspending or cancelling a student's enrolment – Policy & Procedures.

An application to extend the duration of a student's enrolment must be discussed with the Head of Department.

Student Grievances and Appeals Policy & Procedures

Students may make a complaint or lodge an appeal on any matters of concern relating to teaching and assessment, the quality of the teaching, student amenities, administration, student support, bullying, discrimination, sexual harassment and any other areas of perceived inappropriate or unfair treatment. Oxford will carefully and respectfully consider all complaints and appeals in a fair and judicious manner.

Transfer between Registered Providers Policy

All current students seeking to transfer to other educational providers in the first 6 months of their principal course need to apply for transfer and obtain our approval, to be able to enrol in another institution.

The Institute will assess whether the transfer request should be refused or granted based on:

- whether there are compassionate and compelling grounds, e.g. illness, family emergency and natural disaster;
- whether there are any issues with the capacity of the Institute to meet the student's requirements;
- whether the transfer may have a negative impact on your future study options;
- whether there are outstanding course fees;
- Whether the student has failed to meet satisfactory academic progress.

Critical Incident Policy and Procedures

A critical incident is defined as '*a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury*'. Student Support and Services Policy and Procedures

This policy is designed to ensure that OIHE provides the necessary services, staff and resources to support students in achieving their learning goals and to achieve satisfactory progress towards meeting the learning outcomes of the course.

This is consistent with the Higher Education Standards Framework (Threshold Standards) 2015 that specifies that the higher education provider provides information, support and equitable treatment, and the National Code 2018 which states that education providers must help students' access study support and welfare-related services and assist students to adjust to study and life in Australia.

Occupational Health and Safety (OH&S) Policy and Procedures

The OH&S policy and principle is created to support the provision of a working and learning environment which protects the health and safety of employees, contractors, students and visitors. Currently, the Institute has an OH&S policy and measures are implemented to manage safety risks on campus.

Social Media Policy and Procedures

Oxford Institute of Higher Education (herein after referred to as 'the Institute') recognises the importance of social media as a communication tool that is regularly used by its staff, students and associates to connect with each other and the broader community. Accordingly, and in recognition of the rapid growth and application of social media, the Institute has recognised the need for a policy to ensure that those who use these media as part of their professional role, in a personal capacity, study or association with the Institute do so consistent with Institute guidelines for acceptable use.

The following five principles apply to the use of social media for Institute staff and students:

- a. Show respect for human dignity and adhere to the Institute's mission and values;
- b. Do not use social media to bring the Institute, staff or students into disrepute;
- c. Do not imply Institute endorsement of personal views;
- d. Ensure confidentiality of information obtained through the Institute is maintained; and

Personal, academic and professional use of social media by students must not:

- bring the Institute into disrepute;
- compromise the effectiveness of the Institute;
- defame individuals or organisations;
- imply the Institute endorsement of personal views; or
- Disclose, without authorization, confidential information.

When accessing internal social media networks, students must use the Institute's ICT facilities in an acceptable manner. This should not interfere with the performance of their work.

In addition to this, when using social media, students must:

- be polite and respectful of the opinions of others at all times;
- be mindful that others may not share the same sense of humour;
- Not access or engage with any material that is inappropriate or unlawful. This may include posts that are fraudulent, threatening, bullying, embarrassing, of a sexual nature, obscene, racist, sexist, defamatory or profane, whether obscured by symbols or not;
- not use the Institute's ICT resources to post explicit or sexually suggestive messages
- Not infringe another person's, or the Institute's, intellectual property rights.

When using social media, it is not acceptable for students at any time to:

- post comments or images that are obscene, offensive, threatening, harassing or discriminatory in relation to work, another staff member or Institute stakeholder;
- post inappropriate images that reference or involve the Institute in some way;
- engage in comments that breach anti-discrimination law;
- use an Institute email address, or anything else that connects the student to the Institute, when making public comment;
- Use external social media tools for study related internal communications, this excludes corporate networks such as SharePoint and Skype.

Before deciding to post something, students must be mindful that:

- comments posted online are available immediately to a wide audience;
- material posted online effectively lasts forever and may be copied without limit;
- others may view material posted online out of context or use it for an unintended purpose;
- a site's security settings cannot be relied on to protect or keep material private;
- anything posted can be traced back and used to identify the poster as a student;
- Anonymity or a pseudonym cannot be relied on to protect against identification.

Where inappropriate use under this policy constitutes a breach of any law, action may also be taken in accordance with that law by the Institute or concerned third parties

PART 6: OZLIFE– STUDENT LIFE

Student life at Ozford is much more than attending classes and completing assessments. It is the first step toward becoming an independent lifelong learner. It is about making new friends, adjusting to a new environment, developing life skills that enable you to live a meaningful and successful life. This section covers some aspects to help you to adjust to student life at Ozford and living in Australia in general.

Information Sessions and Social Events

Regular information sessions and workshops are held at Ozford every trimester. Topics can range from health, wellbeing, exam preparation to student transitions.

There are also monthly social events and excursions for students including BBQ, visits to various Melbourne iconic locations and day tours out of Melbourne.

These events are advertised on noticeboards and Moodle. Please refer to noticeboards or Moodle “Information for Students” section for regular updates. Students are invited to participate in these events. Fees may apply to some of the events.

Change of Personal Details

You are required to complete a ‘Change of Contact Details Form’ at the Student Services Desk within 5 working days of changing your home address, phone number, email address and other personal/contact details.

For student under 18, student and parent are required to complete a ‘Change of Contact Details Form’ and ‘Confirmation of Appropriate Accommodation and Welfare Arrangement – CAAW Form’ at the Student Services Desk prior to changing the contact details of the student’s parent(s), legal guardian or any adult responsible for the student’s welfare.

Before the student’s commencement at Ozford, it is the parents and student’s responsibility to inform Ozford of any changes to the above arrangement. After the student’s commencement at Ozford, students must seek approval from Ozford to have any changes to the above arrangement. Students risk being reported to the Department of Home Affairs (DHA) and visa cancelled if they make alternative arrangement without approval from Ozford.

It is a visa requirement that all international students provide their up-to-date contact details to their Education Providers.

Accommodation

Students who require Accommodation support can speak to the Student Services staff. Students will be provided with a list of accommodation options and Student Services staff can help students to make accommodation arrangement in consultation with students.

Below are some of the common accommodation options available for students:

Private Rental (Price guide: \$200-\$400/week)

This is true independent living – renting an apartment or a house either alone or with housemates. Living with others is ideal for meeting new people and reducing your costs. However, if you decide to go alone you will have to pay for everything. Rentals come either furnished or unfurnished. Both will require you to buy the basic necessities such as kitchen appliances.

Homestay (Price guide: \$300-\$350/week)

A homestay is staying with a family in their home with meals, internet and utilities covered by the family. Ozford can arrange for you to live with a homestay family if you complete a Homestay application form at the Student Services Desk on Level 10.

Student Apartment (Price guide: \$350-\$500/ week)

These large centres are full of apartments of varying sizes (1 to 5 bedrooms). You will get a fully furnished bedroom with 24-hour support, internet included and private ensuites are available.

Generally, they are conveniently located, safe and secure. Many have a social calendar so you can make friends. The downside to this is the internet can slow down at peak times and the rooms can be quite small.

SEARCH TIPS:

Try a search term like 'student accommodation in Melbourne' or look at websites such as <https://www.realestate.com.au/rent> and <https://flatmates.com.au>.

Consumer Affairs Victoria has a dedicated renting section for students and has produced a resource toolkit that can help students with renting problem. The toolkit includes:

- sample social media posts for posting on your Facebook or Twitter channels;
- short and longer article for publishing on your website or newsletter;
- video links to short animated [renting videos on YouTube](#) - available in 12 different languages.

Inspecting a private rental property

It is very important that you check a property and make sure you are happy with the property before you sign anything or pay any money. When you inspect a property, it is very important to check the property thoroughly both inside and out. Do not assume that the landlord or agent will attend to any repairs unless you specifically ask that they do so. If they agree to carry out the repairs, get their agreement in writing.

As you look around the property, test the light switches, exhaust or overhead fans, stove, oven, smoke alarms, taps and shower (for water pressure) and any heaters and/or air conditioning to make sure everything is working. Ask if the phone is connected. Test the strength of fittings such as mantelpieces and curtain pelmets to make sure they are safe and secure.

Also, make sure you can open and close all the windows and lock and unlock all the doors. Check what kinds of locks are installed, as many insurance companies will not provide household contents insurance unless the windows have key locks and the external doors have deadlocks. If any part of the property or its fittings or fixtures are damaged or not working properly, you should ask the landlord to repair them.

Applying for a private rental property

After you have inspected the property and decided that you want to move in, you will need to fill in an application form provided by the real estate agent (if the landlord is using an agent).

You can be asked questions about:

Income and bank details.

Previous rental history.

Employment details and history.

References - you may be asked for two.

If a real estate agent insists that they want to check your credit history, contact the Tenants Union. It is illegal for them to conduct a credit reference check.

Maintaining a safe physical and virtual learning environment is important in providing high quality education programs and positive learning experience to the students. The Institute acknowledges that student safety is paramount to student success and implements preventative measures to monitor and enhance student safety and has developed and implemented measures below to address student safety both on campus and online. There is also a suite of policies, procedures, programs, information including the Student Handbook and the Code of Conduct addressing safety matters.

Campus Safety

Oxford is committed to providing and maintaining a safe and healthy learning and teaching environment for its staff and students. Oxford will take all reasonable and practicable steps available to ensure the safety of all its staff and students on campus with an emphasis on the **prevention of accidents and injury**. Oxford is a drug and alcohol free place.

All staff are required to wear the Institute's identification badges or staff ID, which displays the names of the staff members. Students are required to carry their student ID cards with them at all times on campus. The student ID cards must be presented for **identity verification** upon request by the Institute's staff members. For safety and security reasons, building occupants may be asked to leave the building if their identity cannot be verified.

Staff and students have an obligation to **conduct** themselves in a safe manner and **promptly report** any potential or actual incidents of injuries, harassment behaviour or unsafe working conditions or equipment to the reception as soon as practicable.

For the safety of the Campus community and the protection of assets and property, some areas of the campus are under constant **camera surveillance**. All cameras are monitored and supported by recordings that are kept for incident investigations, in recognition of the Workplace Video Surveillance Act.

There are **emergency exits and evacuation plan** available on each level. A fire warden is allocated to each floor of the premise. You will be guided through the emergency exit and the plan during orientation and at the beginning of every trimester. Please ensure you are familiar with the emergency exits and the emergency evacuation plan. The evacuation plan is available next to the emergency exit.

If you or someone you know have experienced or witnessed assault or threatening conduct on campus and did not report the incident previously, you are still encouraged to report the incident to the Head of Student Services and Administration. We value your input and we will listen to you and discuss appropriate support options and take further actions to further enhance the safety of the campus. Support services are available for victims of assault including Sexual Assault Crisis Line – 1800 806 292 and National Sexual Assault Domestic Violence Counselling Service – 1800 737 732.

For other emergency, health, support and legal services contact, please refer to Part 9: OZSOS of this Student Handbook.

Personal Safety

Students are advised not to carry large amounts of money in cash and to keep important documents (especially passports) in a secure place at all times. Handbags, laptop computers, iPods, cameras and electronic dictionaries or other valuables should never be left unattended on or off campus (this includes on-campus classrooms). If you need to use ATMs to withdraw cash, use it during the day, when there are people around and immediately safeguard the cash.

If you feel unsafe or threatened on campus, speak to a staff member or approach the reception on Level 10. If you are not on campus, you can ring the police on 000.

- Call '000' for any emergency, ambulance, Fire or Police
- 'If your friends are in danger, help them, Call '000'
- 'If you feel you are in a risky situation, find a crowded and well lit area, then call the police '000' for help.'
- 'If you are victim of a crime (e.g. online/ phone scams, assault, theft), reporting it to the police '000', will not affect your visa, police checks, job applications, studies or grades.'
- 'Don't be scared - Reporting a crime (e.g. online/phone scams, assault, theft), or making a complaint will not effect your visa, police checks, job applications, studies or grades.'
- 'You can get free, independent and confidential legal advice for your troubles (e.g. landlord issues, work and employment issues) from your local Community Legal Centre (call 1300 792 387 or visit www.fclc.org.au)'
- 'If you see a crime in public (e.g. assault, robbery), and are not in danger, call 1300 333 000 or report to www.crimestoppersvic.com.au. They are 100% confidential.'
- 'Do not leave your personal belongings unattended in public areas (including library, campus, where there are cameras). Lose your spot, not your stuff.'

- ‘At the beach, swim between the red and yellow flags. If you don’t, you could drown (Surf Life Saving: <https://sls.com.au/>)’

Fire Safety

You must be able to escape from your home in the event of a fire. When at home, keep a key in the inside deadlock to ensure that you can leave quickly.

Draw a floor plan of your home and identify two ways out from each room. If you live in a two-storey home, find a way to escape from the upper level. Check that the windows and flyscreens open freely. Display the escape plan in a central area of your home—such as the fridge or a notice board. Practise your escape plan at least twice a year.

A **smoke alarm** senses smoke and can alert you to a fire to give you time to escape. If your smoke alarm does not work, we strongly recommend that you contact your estate agent or your landlord immediately. Landlords are required by law to install and maintain working smoke alarms in all rental properties.

- ‘It is compulsory to have a working smoke alarm in your house. Check that batteries are still good. They save lives.’
- ‘Just in case of fire, make sure you have a running away plan where you live.’
- ‘Do not leave your cooking alone – cook your food, not your house.’
- ‘If there is a fire or explosion, calling the Fire Brigade ‘000’ is free’

Family Safety

Australia has well defined laws concerning domestic and family violence. Domestic and family violence can occur at home between partners, housemates or family members. It includes behaviours that cause fear or threaten safety, such as hitting, choking, denying essential money and insulting or constantly criticising the partner.

The Australian Government has developed a Family Safety Pack for men and women coming to Australia. It includes information on Australia’s laws regarding domestic and family violence, sexual assault and forced marriage, and a woman’s right to be safe.

The pack includes four factsheets on the following topics, they are available from the links below:

<https://www.dss.gov.au/family-safety-pack>

- [domestic and family violence](#)
- [sexual assault](#)
- [forced and early marriage](#)
- [family violence and partner visas](#)

The government also provides information, support, essential services and emergency contact in the event of, essential services and emergency contacts in Australia.

If you or someone you know is in danger of family or domestic violence, call the police on 000. Police in Australia are safe and can be trusted.

For free, confidential counselling and information call 1800 RESPECT on 1800 737 732. If you need a free interpreter call 131 450.

For other emergency, health, support and legal services contact, please refer to Part 9: OZSOS of this Student Handbook.

Travel Safely

There are a number of things that you can do to make your public transport journey safer and more secure.

- Before your journey, it is recommended that you top up your Myki. This will save you time and ensure you do not miss your ride when you arrive at the station.
- Before you begin your train journey, check timetables and any connecting train, tram or bus services.
- After 7pm, travel in the front carriage of the train so you are close to the driver.
- If there are other passengers on the train, sit near them, not by yourself.

For more information, go to: <http://ptv.vic.gov.au/getting-around/travelling-safely/>

Water Safety

In Australian waterways in the 12 months to 3 June 2017, 291 lives were lost to drowning. Many of the deaths occurs at the beach. Here are some beach safety hints:

- Always swim at a beach patrolled by lifesavers.
- Swim between the red and yellow flags, they mark the safest areas to swim.
- Always swim under supervision or with a friend.
- Read and obey the safety signs.
- If you are unsure of conditions, ask a lifesaver.
- Always go surfing with someone else.
- Don't swim directly after a meal.
- Don't swim under the influence of alcohol or drugs
- Don't run and dive in the water.
- Check that it is okay to swim before you enter the water, conditions change regularly.
- Use at least 15+ sunscreen, wear a long-sleeve shirt and broad brimmed hat.

The best way to check is to ask someone who knows the area like a shopkeeper, caravan park owner or someone who lives nearby. They are most likely to know the dangers and direct you to a safe swimming spot. Remember to enter the water carefully. Always enter the water **feet first**. Submerged objects can be very dangerous. Keep watch for trees, branches, rocks and rubbish.

Sun Safety

In Australia, the high level of the sun's ultraviolet (UV) radiation makes people more vulnerable to sunburn, skin cancer and heat stroke than in many other countries. Visit Sunsmart website for [tips and information on sun safety](#).

Student Life – Must Know Tips

At Oxford we want all students to excel in their studies. Here are some useful guidelines and suggestions to get you started.

1. Set some goals

Being a student is when most structured and mind opening learning of your life will happen. It is important to set clear goals for each course you wish to take. At the same time, do not over burden yourself.

Use the SMART principle below when setting goals and believe in yourself that you can do it.

2. Attend classes

Make a commitment to attend all classes and strive for excellence in all your course work. Remember when you apply for a job or a course in the future, your grades and attendance will reflect your abilities and dedication.

3. Get involved

Studies shows that students who engage and participate in extracurricular activities have higher indicators of academic and career success.

Your academic transcript may be what gets your foot in the door, but employers look for candidates with relevant experience when making hiring decisions. The biggest challenge is showing relevant experience, which employers say is one of the most important factors they look for in applications from graduates. This is not limited to professional work experience. School and community activities and volunteering also qualify as relevant experience and can be included in your resume as well. In other words, extra-curricular activities help you gain the key skills and experiences to help you land that job.

4. Make new friends and develop positive friendships

Networking with other people is important. Friends can support you in your efforts to maximise the benefits of a student life. Get to know people who express high social, academic, and personal values.

On the other hand, friends who set on having a good time at the expense of a good education can be seriously detrimental so choose your friendship carefully.

5. Seek help

Problems will often get worse if they are not directly addressed in a timely fashion. Procrastination in any of its many forms can lead to a small problem getting much worse. Get help when you need it. Speak to your teachers, your Course Coordinator, or any other staff about your problem.

6. Budget

Living on a student budget can be tricky, especially when you're still adjusting to life in a new country. If required, start keeping a record of all your savings and expenditures. Stop spending on things you don't need. Buy your books and supplies only if it is very necessary. Try borrowing resources from the library or rent them. It will save a lot of money and effort in case you decide later on to drop a class.

Some resources to help you to live on a student budget:

<http://www.studiesinaustralia.com/news/study-tips/10-student-budgeting-tips>

<https://www.moneysmart.gov.au/life-events-and-you/under-25s/studying/living-on-a-student-budget>

7. Look after your health and wellbeing

International students who come to Australia are living away from home and their family for the first time. With your family overseas, it is very important for you to look after your health. Most students find that they study better when they are feeling happy, healthy and active.

8 hours of sleep a night is what most students should aim for. Try to avoid napping during the day and reduce your caffeine intake, particularly up to 4 hours before bedtime, so that you can get a full night's sleep.

Research says that physical exercises result in increased blood flow to the brain which indirectly improves mood and sleep; reduces stress and anxiety. Exercising a few hours every week will help you increase alertness and attentiveness which leads to faster learning. It's very important that you eat right, exercise regularly and stay fit.

8. Share and help

Share your experiences with other new comers and help those who are in need. Your emotional wellbeing plays a large part in your overall health, so it is important that you are feeling happy and maintain an active social life in addition to attending classes and studying. Balancing your study commitments with your social life is an important part of being a student. Attend events on campus (such as movie screenings and markets), make friends with your classmates and join a student club or a sporting team. As long as you manage your time effectively and keep up with your studies, social activities can provide a nice break from study and can help to reduce stress.

Awards, Graduation and Alumni

At Oxford we love to recognise and celebrate students' success. Every trimester, students with outstanding academic achievement are selected and awarded with a Certificate of Academic Excellence.

Graduation is a milestone that calls for recognition and celebration. All graduates have the opportunity to invite family and friends to the Graduation Ceremony to celebrate this important milestone.

We love to keep in touch with all our alumni. This is the reason we have set up a dedicated Facebook group to connect with all alumni. All Oxford students are invited to join the group to network with other graduates. Graduates job opportunities will be posted on the group when they become available.

Please join us at <https://www.facebook.com/groups/OxfordAlumniNetwork/>

PART 7: OZVISA – INFORMATION FOR STUDENT VISA HOLDERS

This section is applicable to students holding a student visa. Your visa is subject to a number of visa conditions that you must comply with. Different visa conditions apply to you and members of your family unit.

Breaching a visa condition may result in the cancellation of your visa.

Some examples of the conditions are:

- You cannot work more than 40 hours per fortnight* when your course is in session (other than work which has been registered as a part of the course).
Note: No work limits apply during recognised periods of vacation offered by your education provider. A fortnight means any period of 14 days commencing on a Monday and ending at the end of the second following Sunday.
- You must maintain adequate arrangements for health insurance during your stay in Australia.
Note: Under policy, this means that you must maintain Overseas Student Health Cover (OSHC).
- If you have not turned 18 you must maintain accommodation, support and general welfare arrangements that have been approved by your education provider.
- You must notify your education provider of your residential address in Australia within 7 days of arriving in Australia. You must notify your education provider of any change in your residential address within 5 days of the change.
- For student under 18, you must maintain your current welfare arrangements until the transfer date, or have alternate welfare arrangements approved or return to their home country until the new approved welfare arrangements take effect.

Please refer to Immigration website for more details on Student Visa conditions: <https://www.homeaffairs.gov.au/>

Character requirements

If you engage in criminal activity in Australia, your visa may be cancelled. More information is available at <https://www.homeaffairs.gov.au/about/corporate/information/fact-sheets/79character>

Working in Australia

Your visa was granted based on your declaration that you have sufficient funds to cover your living and tuition expenses in Australia. You must continue to have sufficient funds to support yourself and accompanying family members while you are in Australia. You should not rely on work to support yourself or family while in Australia.

When you have started your course of study in Australia, you can generally work up to 40 hours per fortnight when your course is in session and unlimited hours during scheduled course breaks. Your family members can work up to 40 hours per fortnight, after you have started your course of study in Australia.

You must also be aware that under all state and territory laws, students might have other restrictions on their ability to work.

Your accompanying family members aged 18 years or older can study in Australia for up to three months. If they want to study for more than three months, they must apply for their own student visa.

See: [Work conditions for student visa holders](#)

Oxford monitors the progress of students to ensure they complete the courses within the duration specified in their COE. Oxford can only issue a new COE to students to extend their duration of study in limited circumstances. Please refer to the Academic Progress policy for further information.

International students who wish to extend their stay in Australia for further study, graduation, a holiday, work or migration are advised to contact Department of Homeaffairs (DoHA) directly. Please see link below for further information:
