

ACCIDENT AND INCIDENT REPORTING POLICY AND PROCEDURE

Approving authority	Executive Management Team
Purpose	This policy and procedure has been developed to comply with the Minimum standards of registration and the ESOS National Code 2018 to ensure Ozford College has: <ul style="list-style-type: none"> • an effective approach in response to accident/ incidents as they occur; • appropriate support and counselling services available to those affected; • appropriate training and information resources provided to staff.

1. RATIONALE

The Minimum standards of registration require that Ozford College (the College) has policies and procedures to provide students with a safe environment where the risk of harm is minimised and students feel safe. Managing student wellbeing includes:

- arrangements for ill students
- accident and incident register
- first aid
- distributing medicine
- current register of staff trained in first aid
- records of student medical conditions and management, or a pro forma for a school applying to register

Under Standard 6 of the ESOS National Code 2018, the College must have and implement a documented policy and process for managing critical incidents that could affect the overseas student's ability to undertake or complete a course, such as but not limited to incidents that may cause physical or psychological harm. The College must maintain a written record of any critical incident and remedial action taken by the College for at least two years after the overseas student ceases to be an accepted student.

The College recognises that planning for the management of unwell students and the management of critical incidents is essential to enable Ozford and its staff to meet the duty of care owed to its students.

2. SCOPE

This policy and procedure applies to all staff and students when there is an *accident/incident* event that has led to or could have led to an injury (physical damage or harm to a person). Incidents can include near misses, accidents and injuries relating to the College's students.

3. POLICY

- 3.1 The College is committed to take all reasonable steps to provide a safe environment on campus and advise students and staff on actions they can take to enhance their safety and wellbeing
- 3.2 In addition to their professional obligations, principals and teachers have a legal duty to take reasonable steps to protect students in their charge from risks of injury that are reasonably foreseeable.
- 3.3 Accident/Incident is defined as an event that has led to or could have led to an injury (physical damage or harm to a person). Incidents can include near misses, accidents and injuries. This policy will be followed in conjunction with the Critical Incident Policy and Procedure.
- 3.4 The College maintains records of all accidents and incidents at the College or at a College organised activity. Statements from witnesses of accidents will be obtained and retained on file with a notation on the statement that this statement is privileged and confidential - prepared solely for anticipated litigation and for the provision of legal advice.
- 3.5 If a student is injured at the College, or during a College organised activity, then families (parents /guardians) of students are responsible for the cost of:
 - Medical treatment
 - Transport to a medical facility or home.
- 3.6 The College must notify WorkSafe Victoria immediately (by telephoning 132 360) of any workplace incident that results in death or serious injury, or that exposes a person in the immediate vicinity to an immediate health or safety risk.

4. PROCEDURE

- 4.1 Staff must report an incident/accident to the Principal via reception as soon as practicable. This is to be followed by completing the Accident/Incident Notification Form (Appendix 1).
- 4.2 The Accident/Incident Notification Form must include the following details for each incident:
 - name and year level of the student involved
 - date and time of the accident/incident
 - exact location of where the accident/incident occurred
 - how the accident/incident occurred
 - nature of the injury/illness
 - names of any witnesses to the accident/incident, and
 - date of notification of the accident/incident.
- 4.3 The Principal may interview the relevant staff and student to obtain further information to prepare an Accident/Incident report.
- 4.4 The Accident/Incident report will be recorded in the Accident/Incident Register List by the Principal or the International Student Coordinator and presented to Executive Management Team (EMT) after a major incident.

Follow-up and evaluation

- 4.5 For severe accidents/incidents, the EMT will follow the Critical Incident Policy and Procedure and establish a Critical Incident Action Evaluation Plan to review the

management and response of the critical incident to address the underlying causes and various aspects arising from the incident by:

- evaluating and reviewing the plan;
- creating and disseminating a revised plan and its procedures for future incidents;
- updating and publishing relevant policy and procedures; and
- organising appropriate staff development and training.

4.6 Changes to the plan, policy and procedures, including updated resources, will be made as soon as practicable following the review and evaluation

5. FEEDBACK

Feedback or comments on this policy and procedure is welcomed by the listed responsible officer.
