1. PRINCIPLES

The Ozford Institute of Higher Education (the Institute) Admissions Policy and Procedures ensure the Institute has open, fair and transparent policies and procedures for making decisions about the admission and selection of students. The Institute admits students from a wide range of backgrounds, from Australia and overseas, who meet the entry requirements included in this policy.

The Institute is committed to having a robust application assessment process with appropriate admissions criteria.

The Institute will admit students who have been assessed as having a high probability of successfully completing the course for which they have applied. Admissions assessments are made following the standards and requirements set by the Academic Board (AB). Assessments are also consistent with the standards in the *Education Services for Overseas Students Act 2000* (ESOS Act), the *Higher Education Support Act 2003*, the Australian Qualifications Framework (AQF) and Tertiary Education Quality and Standards Agency (TEQSA) *Higher Education Standards Framework (Threshold Standards) 2015*.

The Institute welcomes applications for admission from prospective students of all backgrounds, including Aboriginal and Torres Strait Islander peoples, and is dedicated to providing equal educational opportunities to all students regardless of race, disability, gender or socio-economic or educational disadvantage. A range of student and transition support services are available at the Institute to assist all students to strive for educational and personal success.

All admissions decisions are made based on merit, taking into account the personal circumstances, academic history and language and vocational skills of the applicant, in accordance with the admissions criteria approved by the AB and contained in this policy.

International students are those students, or applicants to become students, who have been issued with a valid and current student visa for the purposes of studying in Australia.

4. POLICY

All admissions decisions are made based on merit, taking into account the personal circumstances, academic history and language and vocational skills of the applicant, following the admissions criteria approved by the AB and contained in this policy.
