Section 1: LIVING AND STUDYING IN MELBOURNE

Melbourne is a great place to live and study. It is ranked as the world's "Most Liveable City" for seven consecutive years, according to the Economist Intelligence Unit (EIU).

Melbourne is the capital city of Victoria and the second largest city in Australia. It is recognised and well known for its safe and secure environment, dynamic culture, progressive healthcare system, world class education and well-developed infrastructure.

Melbourne has a thriving food culture, offering a wide range of dining choices and interesting laneway cafes. A variety of food markets offer the freshest of every ingredient for home cooking and eating. The range of shops from large department stores to smaller designer shops and markets mean whatever you need and want can be found in Melbourne.

The streets are alive at night with theatres, bars, nightclubs, and restaurants that line the city streets and the Yarra River in Southbank. Melbourne is also home to many major cultural and sporting events each year. Melbourne is an attractive city boasting magnificent gardens, nearby beaches and easy access by car and bus to snowfields, national parks and inland lakes and rivers.

Melbourne attracts students from all over the world to study at the many leading tertiary institutions in the city. Almost 55 percent of students living and studying in the city are international students.

Study Melbourne

Packed with information, advice and student stories, the Study Melbourne website is a one stop place for all new students in Melbourne to learn more about living, working and studying in Melbourne and Victoria. It is aimed primarily at potential and current international students.

It is published by the State Government of Victoria and is managed by the Department of Economic Development, Jobs, Transport and Resources, International Education Unit.

Study Melbourne hub

The Study Melbourne Hub (formerly known as the Study Melbourne Student Centre) is a study space in the centre of Melbourne for international students living in Victoria. The Hub is a welcoming place to network, attend events, meet other students and access support and advice. Some staff will be able to speak languages other than English.

The Study Melbourne Hub is located at 17 Hardware Lane, Melbourne provides free help and advice. The staff support students with a range of enquiries including financial hardship, accommodation, wellbeing and mental health support, employment programs, legal information and education provider problems.

-  Engage with free and confidential student support services
-  Attend free events and programs
-  Make friends, expand your network, and enhance your employability
-  Access student work spaces

City of Melbourne

The City of Melbourne is the Council that has responsibility for the Melbourne central business district. The Council's website supplies information about Melbourne and the Council's services. Please refer to: www.melbourne.vic.gov.au

Climate

Melbourne has very changeable weather and has been said to have 'four seasons in one day'. Average temperatures are:

- ✚ November to April (Maximum 18 - 38C, Minimum 6 - 11C)
- ✚ May to October (Maximum 13 - 19C, Minimum 5 - 9C).

Food

Melbourne is a melting pot of culture, a fact reflected in its diverse restaurants, cafes, bistros and bars. Most Asian and European food products are readily available in Melbourne and you do not need to bring these with you.

The Queen Victoria Market (also known as the Vic Market) is the largest open air market in Australia and a great place to experience Melbourne's diverse food cultures. It is located in the city centre and within walking distance from Ozford. (<http://www.qvm.com.au/>)

Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5 (purple), \$10 (blue), \$20 (orange), \$50 (yellow) and \$100 (green). Coins used are silver 5 cents, 10 cents, 20 cents and 50 cents, and gold \$1 and \$2 coins. Australian currency is the only legal tender in Australia.

Changing foreign currency or travellers' cheques is usually no problem at banks throughout Australia or at licensed money-changers such as Travelex or Amex in cities and major towns.

Cost of Living

Melbourne is not very expensive compared to other cities in Australia. Please allow a minimum of AUD \$20,290 per person per annum for living costs.

Here is a list of common expenses:

- ✚ Rent
- ✚ Food and groceries
- ✚ Utilities such as electricity, gas and water
- ✚ \$35 - \$50 per week for lunch
- ✚ Transport cost
- ✚ Local calls from public phones cost 50 cents. Some phones take only phone cards that can be bought at newsagents and shops showing the phone card sign. You can also make long distance (STD) and international (ISD) calls from public phones. For international calls, it is cheaper to buy a pre-paid international calling card with a PIN number from convenience shops and newsagents
- ✚ Homestay arrangements costing from \$300 - \$350 per week.

The figures above are indicative only and that costs can vary significantly depending on where you live in Australia. You should be prepared in case your living costs are greater than the indicated figures.

See Study in Australia website for more information:

<https://www.studyinaustralia.gov.au/global/live-in-australia/living-costs>

The living cost amount for applicants for student visas and the student guardian visa as outlined by Australian Government Department of Home Affairs are as follow:

- AUD 21,041 per year for the main student
- AUD 7,362 per year for the student's partner
- AUD 3,152 per year for the student's child

International students need to demonstrate and/or declare that they have genuine access to the living cost amount to be granted a Student visa. Applicants may have to demonstrate sufficient funds to cover these expenses for the first one or two years in Australia, depending on their assessment level.

Education Quality Assurance

Australia provides rigorous protection for international students through the *Education Services for Overseas Students Act 2000* (ESOS Act) and related legislation, which protects and enhances Australia's reputation for quality education, provides tuition protection and supports the integrity of the student visa program.

Education institutions can only enrol and deliver education services to students in Australia on a student visa if they are registered on the **Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS)**. Registered providers must have met, and continue to meet, the requirements of the *Education Services for Overseas Students Act 2000* (ESOS Act) and *National Code of Practice for Providers of Education and Training to Overseas Students 2018* (National Code).

Oxford English Language Centre is registered with CRICOS (CRICOS No. 02501G). We are also a proud member of English Australia, the association of quality English language providers in Australia, and of NEAS which provides us with our quality endorsement tick. Our accreditation and quality is monitored by the Australian Skills Quality Authority.

Education Services for Overseas Students (ESOS) Act

The ESOS Act sets out the legal framework governing delivery of education to overseas students studying in Australia on a student visa. The Australian Government, through the Department of Education, administers the ESOS Act and its associated instruments.

The Education Services for Overseas Students (ESOS) Act 2000 (the Act) governs:

- the registration process and obligations of registered providers
- the Tuition Protection Service; and
- Enforcement and compliance arrangements.

The Education Services for Overseas Students (ESOS) Regulations 2001 support the implementation of the ESOS Act 2000 by setting out in detail requirements including:

- information that must be entered on the register about the provider and each course by location
- student details that providers must include on the Provider Registration and International Students Management System (PRISMS)
- information about students that providers must give relating to student visa conditions

- penalties and infringement notices
- student records that a provider must keep.

For more information, please refer to: [Education Services for Overseas Students \(ESOS\) Framework - Department of Education, Australian Government](#)

National Code 2018

The National Code is a set of nationally consistent standards that governs the protection of overseas students and delivery of courses to those students by providers registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The National Code 2018 contains:

- A description of the principles and guidelines that underpin the National Code 2018;
- A description of the roles and responsibilities of state and territory governments;
- Requirements for CRICOS-registered providers; and
- Standards for CRICOS-registered providers.

The standards for registered providers set out the obligations in delivering education and training to overseas students. These standards detail the specific requirements registered providers must meet and cover students during pre-enrolment, care for and support services to students, consumer protection for students and the student visa programme requirements.

Tuition Fee Protection

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

- complete their studies in another course or with another education provider or
- receive a refund of their unspent tuition fees

For more information, please see: www.tps.gov.au

Consumer Protection

Scams target people of all backgrounds, ages and income levels across Australia. Scams succeed because they look like the real thing and catch you off guard. Every year scams cost Australians millions of dollars as well as cause considerable non-financial harm.

Many Australian colleges have recently become aware of a tuition fee payment scam targeting international students. Scammers, claiming to be authorised international ‘agents’ of the colleges, are offering to pay students’ tuition fees directly on behalf of the student at a discounted rate. The scammer makes a payment to the college on behalf of the student and instructs the student to pay them the reduced tuition fee amount. The payment to the college is subsequently dishonoured, as the scammer has used a fraudulent credit card to make the payment. Victims of this scam lose the money they paid to the scammer, and are still required to pay the full tuition fee amount to their college.

Please note that scammers may also use other methods and Ozford advises all students to be aware.

To avoid becoming the victim of a scam you should ensure that you are familiar with the formal Ozford payment methods. If you are a commencing student, please ensure you use one of the Ozford Authorised Student Agents which can be found on Ozford website.

If you have any questions or want to verify the authenticity of any payment method or agent, please contact Ozford directly.

Be alert to the fact that scams exist. When dealing with uninvited contacts from people or businesses, whether it's over the phone, by mail, email, in person or on a social networking site, always consider the possibility that the approach may be a scam. Remember, if it looks too good to be true, it probably is.

Always consult Ozford staff first and verify the legitimacy before engaging any third party or persons claiming to be an affiliate of Ozford. Especially matters of financial nature such as tuition fees.

Know who you're dealing with. If you've only ever met someone online or are unsure of the legitimacy of a business, take some time to do a bit more research.

Beware of any requests for your details or money. Never send money or give credit card details, online account details or copies of personal documents to anyone you don't know or trust.

For more information, please refer to Scamwatch website: www.scamwatch.gov.au

Genuine Temporary Entrant Requirements

The Genuine Temporary Entrant (GTE) requirement is an integrity measure managed by the Australian Government Department of Home Affairs to ensure that the Student visa Programme is used as intended and not used by international students as a way of maintaining de facto permanent residency in Australia.

The GTE requirement has improved integrity in the student visa program and ensures that only genuine applicants are granted a student visa. To be granted any student visa, applicants must satisfy to the Department of Home Affairs that they have a genuine intention to stay in Australia temporarily. When assessing the GTE requirement, the Department of Home Affairs will consider the requirements set out in Ministerial Direction 53. This requires the Department of Home Affairs to be satisfied that the student visa applicant genuinely intends to stay in Australia temporarily having regard to:

- the applicant's circumstances
- the applicant's immigration history
- if the applicant is a minor – the intention of a parent, legal guardian or spouse of the applicant
- any other relevant matter.

Please see the Department of Home Affairs website for more information.

As part of student admission process and in support of the Department of Home Affairs GTE requirement, Ozford conducts GTE Interview with the applicant before enrolment can be confirmed. These factors will be discussed in the interview and taken into consideration before enrolment is confirmed.

- a) the student's circumstances in their home country
- b) the student's potential circumstances in Australia
- c) the value of the course to the student's future
- d) the student's immigration history

School Age Dependants

Adequate schooling arrangements for student dependant visa holders who have turned 5, but have not turned 18 **must** be maintained while they are in Australia and school fee may be incurred.

School-aged dependants of student visa holders can attend any school that meets relevant requirements for domestic registration. They are not required to attend CRICOS registered schools because dependants are not student visa holders.

For more information about visas for dependants of student visa holders, please see the Department of Home Affairs website: www.homeaffairs.gov.au

When deciding upon somewhere to live, some important factors to consider and questions to ask are:

How close is this place to my institution and what will the cost of transport be?

What's nearby?

Is there adequate heating and cooling?

Is it noisy?

Is the building secure?

Medical treatment in Australia can be very expensive, so everyone should have some form of health insurance.

If you are on a Student Visa, one of the conditions of the visa is that you **must** maintain adequate arrangements for health insurance during your stay in Australia.

If you are on a Tourist or Working Holiday visa you are not covered by Overseas Student Health Cover and must make your own insurance arrangements before you travel.

Ensure you are aware with whom you have purchased your health insurance and know what your policy number is. Health Insurance can also be arranged via Ozford prior to your arrival if requested.

For more information, please refer to Australian Government Department of Home Affairs website.

Electrical appliances

Electrical appliances operate on 240 volts. The Australian three pin plug is different to that in many other countries and will require an adaptor plug. Electrical appliances can be bought cheaply in Australia.

Public Transport
