Dear Ms Rong Liu

Re: Reaccreditation review of Bachelor of Business (Accounting)

Representatives of Chartered Accountants Australia and New Zealand (Chartered Accountants ANZ) and CPA Australia have undertaken a detailed review of the documentation supplied by Ozford Institute of Higher Education Pty Ltd for the 5-year reaccreditation review of the Bachelor of Business (Accounting) program.

Having reviewed the major aspects of these programs the professional bodies have determined that they continue to meet the required standards and are pleased to renew their professional accreditation status for a further five-year period until the end of the 2024 academic year.

This reaccreditation approval is subject to a first review site visit within the next 12 months at a mutually convenient time.

Please refer over page for a list of approved subjects that entrants will be required to pass to be eligible for entry to the professional bodies. We have included LAW 2100 Corporations Law in the competency area of Business Law so that the competency is completely covered by the degree you offer.

We understand that a TEQSA site visit took place in March 2019 and request that you kindly send us a copy of the report when you receive it from TEQSA.

We wish Ozford Institute of Higher Education every success in its future endeavours and will contact you to arrange a site visit soon.

Yours sincerely

Seng Thiam Teh
